Premium Performance Marketing Solutions for Advertisers & Publishers...
 The Difference is in the Branded Sites...
Target manufacturing managers and industry buyers
 The Difference is in the Branded Sites...

IndustryBrains performance advertising placement connects you directly with professionals in the manufacturing industry who are in the market for your products and services.

Our solutions . . .

- Allow you to choose and bid on the site and/or categories that best fit your business
- Give you complete control over your advertising dollars
- Help you to reach a targeted audience within an environment they trust

Advertise on premium manufacturing websites. IndustryBrains has partnered with the following sites to bring you the audience you're looking for - ranging from managers, buyers, and analysts in the manufacturing industry.

Thomas Publishing Co.'s ManagingAutomation is an integrated print and online resource for business and technology managers in manufacturing. The print publication and website enable manufacturing management to analyze, select, implement and operate technologies to enhance their business processes for increased effectiveness and competitiveness in the market place.

Technology Evaluation provides IT decision makers and advisors with ready and affordable access to the advanced tools and expertise they require. We provide IT consultants, Industry buyers, software vendors, associations and government institutes with independent, unbiased technology evaluation content, free research products, online tools, news, and other services.

Electronics Supply & Manufacturing (ESM) is a subsidiary of CMP Electronics Group. CMP Electronics Group is the industry news source for product developers and engineers who create the future of the business by developing a steady flow of new electronics products.

Example of ad listings in targeted categories on Managing Automation site.
